

Come and meet  
key Matrikon  
personnel

## PROVEN SOLUTIONS FOR YOUR PLANT

Everest Automation Inc is pleased to offer you the opportunity to attend a free Matrikon and TOP Control presentation. Matrikon and TOP Control offer a complete suite of software solutions to help you increase your plant's profitability.

In a very practical way, we will explore various subjects such as:

- ☒ *Operational Insight*: a WEB based SCADA
- ☒ *ProcessGuard*: alarm management
- ☒ *ProcessMonitor*: equipment condition monitoring
- ☒ *ProcessAct*: advanced process control tools (MPC, fuzzy logic, soft sensors...)
- ☒ *ProcessDoctor*: control performance monitoring
- ☒ *Tai-Ji PID*: PID optimizer and tools (multi-loops, automated tests)
- ☒ Explore real case studies
- ☒ Bilingual presentations and questions

Revolutionary

## See you in Quebec city and in Montreal !

<p>AGENDA 8:30-9:00 <b>Registration</b> 9:00-12:00 <b>Presentation on Matrikon and solutions offering</b></p>	<p><b>Who should attend:</b> plant managers, process/control/electrical engineers, production superintendants, electrical and instrumentation maintenance managers</p> <p><b>Approach:</b> these opportunities will be presented under the form of real case studies, applicable to your plant.
